

Stop overpaying those specialty liability claims

———— NO SAVINGS? NO CHARGE! ————

ONLY PAY WHAT IS FAIR AND REASONABLE

Damage Claim Services goal is to help you pay what is fair and reasonable on any specialty liability claim demand. Whether you ask us to negotiate the settlement, audit the file or make an inspection, our objective is to provide you with a report that validates “fair and reasonable” costs. The best part is, NO SAVINGS? NO CHARGE!

If liability is not clear or you simply wish to see if what you paid is “fair and reasonable” DCS can AUDIT the invoice.

Essentially, DCS will validate those invoices that are hard to document. You may have difficulty dealing with utilities/ DOTs that are non-communicative or you may not have access to current case law or statutes. Allow DCS to cut through the bureaucracies, red tape and the threat of litigation and get to a “fair and reasonable” settlement.

A large, solid red silhouette of the United States map serves as a background for the top half of the page. Inside the map, on the left side, is the text 'TO SEND A CLAIM' in white, bold, sans-serif font. Below it is the text 'DCS can save you money anywhere in the United States' in a smaller white font. Further down is a bulleted list of four steps in white font. At the bottom left of the map is a grey rectangular button with the word 'SUBMIT' in white. The bottom half of the page is white and contains the company logo and contact information.

TO SEND A CLAIM

DCS can save you money anywhere in the United States

- Go to our website www.damageclaimservices.com
- Go to “Report Loss” tab
- Make out the form
- Attach all pertinent communication, invoices, pictures or emails

SUBMIT
